THE BASIC 7 FOOD GROUPS

See inside pages for foods in each group

BASIC 7 FOOD GROUPS

All kinds of food are good. It is the way you put them together into meals that makes the difference. To keep healthy and strong, use some food from each of the seven groups every day.

Any food within the same group will take the place of any other. In planning your three meals every day try to use at least one serving of some food from each of the seven groups, not leaving out any single group. Two or three servings each day from Groups Three, Four, and Six would be better.

Use the basic 7 food lists when deciding what to grow in your garden, what to store and can, and what other foods to raise besides vegetables.

If you buy meals away from home, remember the seven food groups when choosing food.

This guide also may be used in planning meals to be served in lunchrooms or to be carried in the lunch box by school children, war workers, and others.

GROUP ONE

GREEN AND YELLOW VEGETABLES

*(Raw, cooked, frozen,
canned or dried)*

Asparagus, green
Beans, snap, string, and
green
Broccoli
Chard
Collards
Endive, green
Escarole
Kale
Lettuce, leaf
Mustard greens
Okra
Peas, green
Peppers, green and red
Spinach
Turnip greens
Wild greens
Other greens, including
salad greens

Carrots
Pumpkins
Squash, winter yellow
Sweetpotatoes
Yams
*(Also apricots and yellow
peaches)*

GROUP TWO

(Fresh or canned)

Grapefruit
Grapefruit juice
Kumquats
Lemons
Limes
Oranges
Orange juice
Tangerines
Tomatoes
Tomato juice
Cantaloups
(muskmelons)
Pineapples (raw)
Strawberries (raw)

ORANGES, TOMATOES,
GRAPEFRUIT, CABBAGE

(Raw or slightly cooked)

Cabbage
Brussels sprouts
Cauliflower
